

GPI SUCCESS IN MACAU CASINOS

GPI completed the production of an order from Crown Macau Casino for approximately 70,000 Bourgogne & Grasset® high frequency (13.56MHz) RFID plaques as well as for all the wheelchecks with its Bud Jones @ roulette chips. GPI supplied several sets of the state-of-the-art B&G plaques using high frequency RFID technology from Magellan.

On the other hand, GPI has received also an order for approximately 1.6 million B&G chips from Las Vegas Sands, for its Venetian Macau Resort Hotel. The Bourgogne et Grasset (R) brand chips will incorporate exclusive security features such as high security holograms, UV pigments, Laser Lock(TM) infrared pigments and see-through inserts.

GPI COMPLETES \$1 MILLION ORDER FROM PLANET HOLLYWOOD CASINO

Gaming Partners International (GPI) has completed an order valued at approximately \$1 million from the new Planet Hollywood Resort & Casino in Las Vegas.

GPI was selected as the sole table game equipment supplier for Planet Hollywood's state-of-the-art gaming area, featuring 95 table games, providing all of the chips, RFID readers, layouts, dice, playing cards and the gaming tables themselves. The gaming chip order includes GPI's

exclusive low-frequency RFID chips in denominations of \$25 and up.

GRAND ORDER FOR WMS IN SOUTH AFRICA

WMS has received an order for 130 machines from Grandwest Casino & Entertainment World, located in Cape Town, South Africa. WMS has installed Jackpot Party Progressives, G+ games, cascading and classic themes, Hot Hot Super Jackpot, Life of Luxury, Hot Hot Penny, Monopoly Big Event and Top Gun.

Lawrence Smith, Managing Director of WMS Gaming Africa, said "We are very proud to have been awarded 37% of this Grandwest Casino purchase. This is a tremendous endorsement of the continuing success of our Bluebird product range and our team's commitment to customer service excellence".

GPI INTRODUCES EURASIATRAK 13.56 MHZ RFID TECHNOLOGY

GPI has announced the introduction of its Bourgogne et Grasset(R) brand gaming chips, plaques and jetons with the new EurasiaTrak 13.56 MHz RFID technology for gaming markets outside of the United States.

Gérard P. Charlier, GPI President and CEO

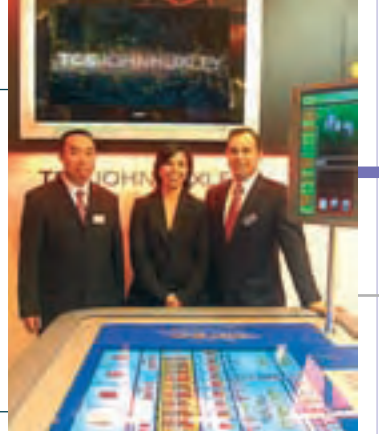

EurasiaTrak, based in Canada, has developed a high frequency system which combines the benefits of high-performance table automation with the rigorous security provided by RFID technology for gaming chips and plaques.

TCSJOHNHUXLEY ASIA EXPANDS IN MACAU

TCSJohnHuxley Asia has expanded its presence in Macau following its relocation to new modern offices in Macau Square. Over the last year a new organizational structure has been put in place enabling the long-term development in manufacturing, sales, service and support in this rapidly expanding, increasingly important market.

A new addition to the range will be locally manufactured layouts which will commence production from July 1st.

AGI'S GAMINATOR® INCREASES ITS PRESENCE ACROSS AFRICA

AGI Africa has recently made several key installations of Multi-Gaminators® across southern Africa.

The recent addition of 8 new AGI Gaminator® slant top machines in the New Africa Casino in Dar es Salaam, Tanzania, brought great excitement to guests at this busy hotel and Casino property. Following AGI Africa's successful installation of the slant-top version of the Gaminator® in La Palm Casino in Accra, Ghana, the operator KaiRo International did not hesitate in bringing this top-performing product to the eastern shores of Africa.

AGI CONFIRMS STRATEGIC ALLIANCE WITH INDEPENDENT GAMING

Austrian Gaming Industries (AGI) has taken a significant expansion step in the Australasian region by concluding a strategic distribution alliance with Independent Gaming Pty of Australia.

The alliance will see Independent Gaming distribute AGI products throughout Asia, providing on-site sales and service facilities from their logistics support hubs located directly in the region. In a reciprocal agreement, AGI will introduce Independent Gaming's groundbreaking Flexi-Link jackpot system to European markets.
