

G2E 2009

Global Gaming Expo (G2E) is the world's premier gaming event where gaming professionals from around the globe converge each November in Las Vegas—to see gaming in action and have fun doing it. It's the most in-depth source of new products, information, ideas, and networking. You cannot afford to miss 750+ exhibitors, 120+ world-class conference sessions, daily keynote addresses, exciting special events, and unmatched networking opportunities.

Plus, you won't want to miss the two events: F&B at G2E and Entertainment Arena at G2E. Food & Beverage is a culinary marketplace for the gaming industry, highlighting the skyrocketing of F&B within the gaming industry. The Entertainment Arena at G2E is a specialty event that will highlight the importance of entertainment as a critical and growing non-gaming amenity within the industry. All of this and G2E's world-class education program including the three-day conference and dedicated conferences: all-new G2E Advanced Gaming Institute, G2E Leadership Academy and Casino Design.

G2E offers the world's largest and most comprehensive education programs for the gaming industry. Content is developed by the industry, for the industry by leading gaming experts, ensuring that all information is both relevant and timely.

G2E 2009 is scheduled for November 17-19 at the Las Vegas Convention Center.

Casino Excalibur, Las Vegas

Opening Ceremony of G2E 2008
