GRAN CASINO CARTAGENA INAUGURATED

16 November last saw the inauguration of Gran Casino Cartagena, in the south-east of Spain. The Casino is owned by the Gran Madrid Group, national leader in the sector in Spain, with Casinos in Madrid, Benalmádena and Ceuta, welcoming over 700,000 guests a year.

The new Casino has a floor area of 1,500 m.², holding 11 gaming tables, 42 slots and an international restaurant, managed by the same team as the restaurant at Casino Gran Madrid, recognised as one of the best gastronomy services in Spain.

In his welcome speech, Ángel María Escolano Belló, General Director of the Gran Madrid Group, said that €9 million had been invested in the Casino, creating over 100 jobs, and that it is hoped that it will shortly become one of the main social venues of the Spanish south east.

The large group of guests, over 300, included the Tax Councillor for the Murcia Region and the Mayor of Cartagena, both of whom, in their respective speeches, underlined the importance of this new gaming establishment in the economic development of the city and the region.

The architecture and interior decoration of the Casino combine nautical elements, high technology and the recognisable design of the big Las Vegas Casinos, with a certain similarity to the style of Holland Casinos centres.

Gaming material was supplied by GPI, TCSJohnHuxley, Naipes Fournier, Hispania Casino Equipment, Unidesa, Atronic, IGT and Recreativos Franco.
